Welcome to preschool!

I am very excited to get started this school year. Just a few reminders are listed here to get us started and ready for the school year. Remember you can find all school updates on the school website.

www.littlepeachespreschool.com

A few things to know....

- Each child needs a back pack to put their work in, the backpack should also have an extra set of clothes.

- Each child needs their own water bottle with their name on it to come to school everyday. The water fountains are turned off. (These can be placed on the half wall ledge)

- Make sure to remind your student they will need to wash their hands after getting their temperature taken.

- School supply information is on the website on the parent page.

The COVID-19 policies/procedures can be found in a document on the parent page. There will be updates as needed throughout the school year.

Teacher Information: Please put this information in your phone.
